

I am writing to urge the FCC not to implement any proposal that would lessen Indiana's Telephone Privacy law protections. The current laws in Indiana have greatly reduced the number of unwanted solicitations that were constantly interrupting my family's evenings. Before the Indiana law was passed, we typically got 3-4 calls every day. Now we rarely get more than 1 a week. This has greatly improved our quality of life. For this reason, I strongly oppose any measure that would reduce the effectiveness of our current law in Indiana.

Thank you,

Richard Holdeman
